

Rosy Torres

Rosy Torres is the founder & President of the Board of The Rosarito Boys & Girls Club since 2010. She came to the organization after retiring from Professional Racquetball (She is a National, Pan-American, and World Champion). Just when the 1st Club in Tijuana was created, they invited all of the mayors of Baja California – her father was mayor of Rosarito at the time and asked Rosy to go. She immediately fell in love with the concept: giving back to her community. Thanks to the Rosarito Club, they now have participation from international athletes, musicians, and artists!
